Cloth health posters for rural schools

Primary Medical Care / Kawan Sehat Agents · East Sumba, Indonesia

BUDGET NEEDED

CHF 85

Total budget required to carry out this project.

CHF 85 funds one set of ten A2 cloth posters for health education. Kawan Sehat agents already carry them from home to home and school to school. We want teachers in every rural school in East Sumba to have a set they can use throughout the year.

WHAT THIS PROJECT AIMS TO CHANGE

- Ten A2 cloth posters per funded set
- Reusable teaching materials for rural classrooms
- Health lessons teachers and local agents can repeat

01. WHY THIS PROJECT

Teachers in the rural schools we work with have few materials for teaching health. A poster gives them something to point to, demonstrate and return to when children ask questions. Kawan Sehat agents already use the cloth versions of our paper posters as part of their Primary Medical Care kits. They are washable, UV-resistant and easy to fold and carry. The same set can be used repeatedly, reducing the need to replace worn paper copies.

The ten topics cover HIV and AIDS, second-hand smoke, recognising malaria, handwashing, preventing malaria, alcohol and health, physical activity, waste management, food groups and nutrition, and everyday food choices.

02. DELIVERY AND FOLLOW-UP

PLANNED ACTION

Print one complete set of ten A2 cloth posters for each CHF 85 funded. Work with local teachers and Kawan Sehat agents to identify schools and hand over the sets. At handover, show teachers how to use the posters to lead a discussion or demonstrate a practical step. The aim is one set in each rural school in East Sumba.

BUDGET BREAKDOWN

Expense	Qty	Unit cost	Total
One set of ten A2 cloth health education posters	1	85	85
Total · CHF			**CHF 85**

RESPONSIBLE TEAM

Fair Future Foundation and Kawan Baik Indonesia, with Kawan Sehat health agents and local teachers.

INDICATIVE TIMETABLE

Print and distribute in batches as funding comes in. Schools and delivery dates will be confirmed locally.

HOW WE WILL REPORT BACK

Record how many sets are delivered and which schools receive them. During follow-up visits, ask teachers which posters they use and observe what pupils can explain or demonstrate.
