Medi Backpack
Field Kit for Kawan Sehat Agents

Primary Medical Care / Kawan Sehat Agents · East Sumba, Indonesia

BUDGET NEEDED

CHF 178

Total budget required to carry out this project.

CHF 178 equips one Kawan Sehat health agent with a 12-litre backpack for first-line care, health education and patient follow-up in remote communities in East Sumba.

WHAT THIS PROJECT AIMS TO CHANGE

- One agent equipped for first-line care.
- Paper records if the app is unavailable.
- Teaching tools for prevention and advice.

01. WHY THIS PROJECT

A Kawan Sehat agent may reach a patient on foot. At the visit, the agent needs to assess the patient, give first-line care within their training and recognise when referral is urgent. The same kit supports prevention, advice and follow-up. Paper forms keep the encounter documented if the Kawan Sehat app cannot be used.

We make the backpack ourselves from recycled materials and assemble a kit of around 100 items. It includes the Kawan Sehat book, posters and the Posters Teaching Guide, the 14-chapter Where There Is No Doctor health education module, and the Community Health Agent's Pocket Guide and AppSheet Manual, which covers medicines, dosing guidance and app use.

02. DELIVERY AND FOLLOW-UP

WHAT THE BACKPACK CONTAINS

Each complete kit contains around 100 items.

• **12-litre backpack**	Made by our team from recycled materials.
• **Medicine kit**	Medicines approved for the programme.

• **Kawan Sehat book**	Illustrated book for health education.
• **Health posters and Posters Teaching Guide**	Teaching materials for community health sessions.
• **Where There Is No Doctor**	Health education module with 14 chapters.
• **Community Health Agent's Pocket Guide and AppSheet Manual**	Medicine information, dosing guidance and instructions for the Kawan Sehat app.
• **Paper patient reporting forms**	Backup for patient records when the app is unavailable.
• **Patient health cards**	160 A6 cards printed on art paper in 16 designs.
• **Stationery kit**	Pens, notebooks and document folders.
• **Power bank**	10,000 mAh.
• **Logistical supplies**	For field visits.

BUDGET BREAKDOWN

Expense	Qty	Unit cost	Total
One complete Medi Backpack (IDR 3,900,000)	1	178	178
Total · CHF			**CHF 178**

RESPONSIBLE TEAM

Fair Future Foundation and Kawan Baik Indonesia, through Primary Medical Care.

INDICATIVE TIMETABLE

Assemble and hand over complete kits as funding becomes available.

HOW WE WILL REPORT BACK

Record which agent receives each kit. During routine follow-up, check medicine stocks, equipment condition and supplies for patient reporting.
