A2 Paper Health Posters for East Sumba

Primary Medical Care / Kawan Sehat Agents · East Sumba, Indonesia

BUDGET NEEDED

CHF 31

Total budget required to carry out this project.

CHF 31 funds ten illustrated A2 paper health posters and supplies for lessons in East Sumba. Our teams use the posters with children, teenagers and adults.

WHAT THIS PROJECT AIMS TO CHANGE

- Ten illustrated A2 posters per funded set.
- Health sessions for pupils and adults.
- Materials teachers can use after the visit.

01. WHY THIS PROJECT

In schools with few health education materials, a poster gives pupils something to look at and discuss. A Kawan Sehat agent can use the handwashing poster to demonstrate each step, then leave it where the teacher can use it again.

With teenagers and adults, the posters help us talk about second-hand smoke, alcohol and why HIV testing matters. Our foundation team drew every illustration.

02. DELIVERY AND FOLLOW-UP

PLANNED ACTION

Print ten illustrated designs in Bahasa Indonesia on A2 paper (420 × 594 mm). Provide supplies for education sessions. Our teams use the posters to explain health topics and answer questions in schools and communities.

BUDGET BREAKDOWN

Expense	Qty	Unit cost	Total
One set of ten A2 paper posters and education supplies	1	31	31
Total · CHF			**CHF 31**

RESPONSIBLE TEAM

Fair Future Foundation and Kawan Baik Indonesia, with Kawan Sehat health agents and teachers.

INDICATIVE TIMETABLE

Print and deliver sets in batches as funding becomes available.

HOW WE WILL REPORT BACK

Record which schools and communities receive each set and which topics were covered. Ask teachers and health agents which posters they use again.
