Albatros Paper Posters Health Education in East Sumba

Primary Medical Care / Kawan Sehat Agents · East Sumba, Indonesia

BUDGET NEEDED

CHF 31

Total budget required to carry out this project.

CHF 31 funds a set of ten illustrated A2 paper posters and supplies for health education. Our teams bring the posters to schools and community sessions in East Sumba and discuss them with children, teenagers and adults.

WHAT THIS PROJECT AIMS TO CHANGE

- Ten illustrated A2 posters per funded set.
- Health sessions for pupils and adults.
- Materials teachers can use after the visit.

01. WHY THIS PROJECT

In schools with few health education materials, a poster gives pupils something to look at and discuss. A Kawan Sehat agent can use the handwashing poster to demonstrate each step, then leave it where the teacher can use it again.

With teenagers and adults, the posters help us talk about second-hand smoke, alcohol and why HIV testing matters. Our foundation team drew every illustration.

02. DELIVERY AND FOLLOW-UP

PLANNED ACTION

Print ten Bahasa Indonesia designs on A2 Albatros material (420 × 594 mm) for educational supplies. Our teams explain the posters and answer questions at schools and community sessions.

THE TEN POSTER DESIGNS

1. Zero Malaria: Protect Yourself and Your Environment
2. Zero Malaria: Understanding Malaria
3. Let's Wash Our Hands!
4. Healthy and Unhealthy Foods and Drinks
5. Fill Your Plate with Balanced Nutrition!
6. Four Habits for Clean and Healthy Living
7. The Harmful Effects of Excessive Alcohol Consumption
8. My Waste, My Responsibility
9. Understanding HIV
10. Smoking Kills You and Your Family

BUDGET BREAKDOWN

Expense	Qty	Unit cost	Total
One set of ten A2 paper posters and education supplies	1	31	31
Total · CHF			**CHF 31**

RESPONSIBLE TEAM

Fair Future Foundation and Kawan Baik Indonesia, with Kawan Sehat health agents and teachers.

INDICATIVE TIMETABLE

Print and deliver sets in batches as funding becomes available.

HOW WE WILL REPORT BACK

Record which schools and communities receive each set and which topics were covered. Ask teachers and health agents which posters they use again.
